KISHORE S

Python Developer | Frontend, AI/ML, and Full-Stack Integration

Thiruvallur, India

Sproutingkishore2005@gmail.com

9445520766

Professional Summary

Detail-oriented Python and frontend-focused developer with hands-on learning experience in machine learning workflows, frontend fundamentals, cloud concepts, and backend integration. Trained through AWS, Kaggle, NxtWave, Simplilearn, Infosys Springboard, and multiple AI-focused workshops. Comfortable with notebook-based Python work, HTML/CSS-based UI implementation, REST-oriented backend learning, and structured delivery. Known for quick learning, disciplined execution, and a strong focus on accuracy and quality.

Core Skills

- Python
- Frontend fundamentals: HTML, CSS, basic UI implementation
- Machine learning workflow fundamentals
- Notebook-based development and model experimentation
- Backend concepts: REST APIs, Spring Boot, Spring Data JPA
- Cloud fundamentals: AWS
- Android Studio beginner app development exposure
- Communication, teamwork, adaptability, and problem solving

Selected Hands-on Work and Learning Projects

Python, AI, and Data Workflow Practice

- Earned Kaggle badges in **Python Coder**, **Notebook Modeler**, **Model Creator**, **Model Pipeline Creator**, **Code Uploader**, **Code Forker**, and **Vampire**.
- Built hands-on exposure to Python-based notebook workflows, model structuring, code organization, and experimentation.
- Completed **Machine Learning using Python** through Simplilearn in March 2025.

Generative AI and Artificial Intelligence Exposure

- Completed **AI for Students: Build Your Own Generative AI Model** through NxtWave in May 2024.
- Participated in **Generative AI** at Velammal Institute of Technology in March 2025.

- Participated in **Industrial Applications of Artificial Intelligence** organized by VIT Vellore and Sheffield Hallam University, UK, in March 2025.

Cloud and Technical Training

- Completed **AWS Academy Graduate - AWS Academy Cloud Foundations** in October 2024.
- Completed a **one-week AWS Cloud Internship: Hands-on Training & Experience** through Marcello Tech from March 3, 2025 to March 9, 2025.
- Completed **AWS** through the Naan Mudhalvan scheme in February 2025.

Web, Backend, and Full-Stack Learning

- Completed **Introduction to HTML CSS** through MindLuster.
- Completed **Full Stack with Java** through Infosys Springboard and Naan Mudhalvan in November 2025.
- Completed **Spring 5 Basics with Spring Boot**, **Spring REST**, and **Spring Data JPA with Boot** through Infosys Springboard in September 2025.
- Completed **Build a Quiz App with Java on Android Studio Beginner Course** through Udemy in March 2025.

Education

Sriram Engineering College

Bachelor of Engineering in Computer Science and Engineering

Expected graduation: 2026

Certifications and Training

Core Technical Certifications

- AWS Academy Graduate - AWS Academy Cloud Foundations, October 19, 2024
- AI for Students: Build Your Own Generative AI Model, NxtWave, May 16, 2024
- Machine Learning using Python, Simplilearn, March 11, 2025
- AWS Cloud Internship: Hands-on Training & Experience, Marcello Tech, March 2025
- Industrial Applications of Artificial Intelligence, VIT Vellore and Sheffield Hallam University, March 13, 2025
- Generative AI, Velammal Institute of Technology, March 12, 2025
- Introduction to HTML CSS, MindLuster
- Full Stack with Java, Infosys Springboard / Naan Mudhalvan, November 25, 2025
- Spring 5 Basics with Spring Boot, Infosys Springboard, September 2025
- Spring Data JPA with Boot, Infosys Springboard, September 2025
- Spring REST, Infosys Springboard, September 2025
- AWS, SmartInternz / Naan Mudhalvan, February 23, 2025
- Experience Based Project Learning, HCL Career Shaper / Naan Mudhalvan, February 23, 2025

- Microsoft Office Essentials, Microsoft / Naan Mudhalvan, May 30, 2025
- Unity, E16 AI XR Technology Pvt Ltd / Naan Mudhalvan, September 22, 2025
- Build a Quiz App with Java on Android Studio Beginner Course, Udemy, March 11, 2025

Kaggle Badges

- Python Coder
- Notebook Modeler
- Model Creator
- Model Pipeline Creator
- Code Uploader
- Code Forker
- Vampire

Microsoft and Naan Mudhalvan Training - AI, Productivity, and Digital Skills

- All About AI
- Using ChatGPT - Part I
- Using ChatGPT - Part II
- AI Tools for Design
- Use of AI in MS Word, Excel, and PowerPoint
- Other AI Tools and AI for Social Good
- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Digital Payments
- Emerging Technologies
- Cyber Security and Data Privacy
- Train the Trainer Program on Digital Productivity and AI Fluency, 20 hours, October 2023

Communication, Employability, and Entrepreneurship Training

- Introduction to Communication
- Effective Language Skills
- Non-Verbal Communication
- Verbal Communication
- Written Communication
- Critical Thinking
- LinkedIn Profile Management
- Interview Skills and Etiquettes
- Learning and Certification
- Resume Making Skills
- Searching Jobs Online
- Soft Skills
- Ideas to Kickstart

- Startup Activities
- Existing Business Ideas and Models
- Government Schemes and Business Loans
- Startup Journey in Nutshell

Additional Strengths

- Strong willingness to learn and adapt to project-specific workflows
- Good communication and collaboration mindset
- Focus on accurate execution and clean work quality
- Comfortable supporting both frontend and backend-oriented tasks
