KISHORE S

AI Testing | Junior Developer | Python, AI/ML, and Quality-Focused Execution
Thiruvallur, India | Sproutingkishore2005@gmail.com | 9445520766

Professional Summary

Detail-oriented Computer Science and Engineering student with internship experience in Data Science and Artificial Intelligence at Rasa.AI Labs. Strong foundation in Python, AI/ML workflows, data validation, debugging support, HTML/CSS, REST API concepts, Spring Boot, Spring Data JPA, and AWS fundamentals. Prepared to support micro1 in AI software testing, result verification, issue identification, documentation, and junior development tasks in a fast-paced remote environment.

Core Skills

Python | AI/ML workflow fundamentals | AI software testing mindset | Manual testing and regression testing support | Data validation and result verification | Debugging support and documentation | HTML/CSS | REST APIs | Spring Boot | Spring Data JPA | AWS fundamentals | Communication and teamwork

Internship Experience

AI / Data Science Intern - Rasa.AI Labs (JKV Research Private Limited), Chennai
July 9, 2025 - August 8, 2025

- Completed a one-month internship focused on Data Science and Artificial Intelligence projects.
- Contributed to assigned tasks and team deliverables with structured problem solving, professionalism, and quality-focused execution.
- Worked collaboratively with peers, learned complex concepts quickly, and consistently met internship expectations.
- Built practical exposure to AI-oriented project workflows relevant to testing, validation, and development support.

Selected Projects and Certifications

- Earned Kaggle badges in Python Coder, Notebook Modeler, Model Creator, Model Pipeline Creator, Code Uploader, Code Forker, and Vampire, building hands-on exposure to notebook workflows, model structuring, experimentation, and code organization.
- Completed Machine Learning using Python (Simplilearn), AI for Students: Build Your Own Generative AI Model (NxtWave), Industrial Applications of Artificial Intelligence (VIT Vellore and Sheffield Hallam University), and Generative AI (Velammal Institute of Technology).
- Completed AWS Academy Graduate - AWS Academy Cloud Foundations, a one-week AWS Cloud Internship through Marcello Tech, Introduction to HTML CSS through MindLuster, and Full Stack with Java through Infosys Springboard / Naan Mudhalvan.
- Completed Spring 5 Basics with Spring Boot, Spring REST, and Spring Data JPA with Boot through Infosys Springboard.

Education

Sriram Engineering College
Bachelor of Engineering in Computer Science and Engineering
Expected Graduation: 2026
